

# 1 Day Foundations for Handgun Marksmanship

Cost for this Course: \$150.00

This introductory pistol course is designed to teach the safe operation of the semi-automatic pistols. We focus on handgun marksmanship and how to safely draw a pistol from the holster and place well aimed shots on target. Upon completing this course you will have a thorough understanding of firearms safety, basic weapon manipulation, fundamentals of handgun marksmanship, and skills to continue your training after the course.

## Points that we will cover:

- Safety
- Loading, unloading, and weapon manipulation
- Fundamentals of handgun marksmanship
- Diagnosing and clearing malfunctions
- The draw and presentation on target
- Multiple follow up shots
- Training methods to continue your training
- Weapon maintenance and cleaning

**Ammo requirements:** 250 rounds of pistol ammunition per student

**Prerequisite** (none required for the course)

**Training Times and Details:** Arrival time no later than 7:45am with instructions beginning at 8:00am sharp and ending around 5pm.

## Equipment needed:

- Pistol with at least 2 magazines
- Belt with holster designed for your handgun. No soft sided holsters please (need to be able to re holster safely with one hand).
- Cleaning equipment
- Clothing appropriate to the weather conditions
- Eye and ear protection
- Snacks (we will be taking a 1 hour lunch break)
- Hat/Gloves
- Sunscreen if desired
